

STORY

TECHNICAL TRAINING CENTRE

ABOUT US

With over 30 years of experience of project delivery in the Construction industry and 20 years in the Rail industry, we are uniquely placed to understand your requirements and deliver training which fully prepares you for work on real life projects.

Our dedicated team of experienced NSAR accredited trainers design, develop and implement bespoke training programmes to meet individual or business needs across the rail, construction and plant industries.

We are also an approved CSCS Health Safety and Environment test centre and CPCS Renewal test centre.

OUR COURSES

Our dedicated team of trainers are able to offer a wide range of courses including:

SAFETY CRITICAL TRAINING

- Personal Track Safety (PTS)
- Track Induction
- Controller of Site Safety (COSS)
- Engineering Supervisor (ES)
- Lookout
- Individual Working Alone
- Safe System of Work Planner (SSOWP)
- PICOP/SPICOP
- OLEC1

PLANT TRAINING

- Machine Controller/Operator
- Crane Controller/Operator
- MC/CC Attachments
- On Track Plant & Attachments
- MEWP
- Highway Permissible Vehicle

ASSESSMENTS

We carry out assessments across the UK for the above competencies. We also offer a wide range of small plant training courses.

WHAT OTHERS SAY

“Story is definitely the best training facility I've been to in a long time. I was extremely impressed with the trainers who delivered the course well and made all the delegates feel at ease.”

AMCO

“An excellent 10 days, the trainers put me at ease straight away. They had very, very good knowledge of the rail and by far the best course I have been on.”

AMEY

GET 'RAIL READY'

Looking to get ready for life on the rail?

Come to one of our centres and complete each of the following courses with our dedicated training and occupational health teams.

- Personal Track Safety (PTS) Course
- Industry Common Induction (ICI)
- Personal Track Safety (PTS) Medical
- Drug & Alcohol Screenings
- Track Induction Course

OUR FACILITIES

TRAINING ROOMS

Our Carlisle centre has training rooms which are available for hire and accommodate up to 20 delegates and include state of the art smart boards which make teaching more innovative and interactive. In addition, we also have rooms available for hire in our three regional offices in Glasgow, Chorley and Normanton.

TEST TRACK

Our purpose-built, NSAR accredited test track in Carlisle replicates the rail infrastructure but provides controlled and safe surroundings. The track has points, a gradient, track cant, OLE and a road rail access point. The facility also has a well-equipped cabin, so classroom-based tasks can be completed adjacent to the test track.

Contact a member of our team to find out more about our facilities.

“One of the best trainers I have ever had on a course. Their way of getting information across is second to none.”

BAM NUTTALL

“Excellent trainers with a fantastic ability to draw out information. The trainers are genuine people are willing to go out of their way to help. Big thumbs up all round.”
